BACKGROUND INFORMATION

The 2015 Bond Program includes funding to replace selected roofed areas at seven (7) District facilities as part of the District's planned Roof Replacement Program. Facilities included in the 2015 Bond Roofing Construction Program include: Lee High School; Krueger Middle School; and Clear Spring, Northwood, Ridgeview, Serna, and Stahl Elementary Schools. Typical roof life expectancies range from 20 to 30 years based upon several factors, which include: (1) quality of the roof product and construction installation; (2) wear and tear due to foot traffic for operations and maintenance access to rooftop equipment; and (3) long-term weather conditions and resultant impacts. This project addresses the Clear Spring Elementary School Roof Replacement and Roof-Related Work Project, which includes a total roof replacement area of 7,866 square feet.
